The school E-Newsletter is a platform for the students to express their creative pursuits which develop originality of thought and perception in them. The contents of the E-Newsletter reflect the wonderful creativity of thoughts and imagination of our young buddies.

## CHAIRPERSON'S MESSAGE

*"Educationists should build the capacities of the spirit of inquiry, creativity, entrepreneurial skills and moral leadership among students and become their role model."-Dr. APJ Abdul Kalam*

In order to succeed, we must first believe that 'we can'. It is a matter of great pride to pen down the message for "E-Newsletter" of our school. My heart fills with immense pleasure as I see the progress being made at AWS. Education is the basis of all progress. Its purpose is to inculcate humanitarian values, wisdom, compassion, courage and reliability in students. Academic excellence along with active participation in co-curricular activities which complete the process of education. It gives me eternal pleasure that the school is progressing in all its endeavors towards the overall development of the students. The E-Newsletter is a platform for the students to express their creative pursuits which develop originality of thought and perception in them. The contents of the E-Newsletter reflect the wonderful creativity of thoughts and imagination of our young buddies. I feel proud that this time our school has constituted the 'Editorial Board' where the members of this board have shown their enthusiasm being fully responsible for making it look like E-newsletter. Moreover, this year our students and teachers have tried to show elation of their heart through this E-Newsletter. I extend my warm wishes to the Principal, the entire faculty and my dear students to keep on moving in this journey on the road of excellence to reach pinnacle of success.

A good school shall always strive to be the best. To this end, we have started some new initiatives. The first one being the introduction of hobby classes for day boarders of the junior school. This gives these young boys and girls an opportunity to learn various skills that they can later pursue as a hobby. This is a pilot project which if proven worthy, and I am sure about it, shall be offered to the rest of the school as well.

## FROM PRINCIPAL'S DESK

Dear Stakeholders,

Greetings from AWS! It gives me immense pleasure to write this little message to you as we move ahead in the year with our routine business of teaching and learning. Engaging with your sons and daughters is indeed the most rewarding experience I've had in my little more than four months in the school. I am happy to report to you that I am well settled in the school now and am enjoying the full support of my colleagues who stand strong with me as a fantastic team. This is only a first in the series of positive reinforcements.....many more to come. We strive to work as a team with a growth mindset.

The last few months have seen many interesting moments. We've had our promotional exams and also the board exams, a very good board result, we bid farewell to our class of 2023, had a few celebrations with parents in the primary and junior school, a PTM where I interacted with some of you and of course the latest being the investiture ceremony for the year 2023 - 24. As Alfred Tennyson said – "the old order changeth, yielding place to new", I am sure the newly elected School Council will outshine the ones before them and shall prove to be truly worthy of their positions. I am happy to report to you that Shauryavaan Vaghe and Janhvi Goyal have been appointed the school head boy and head girl respectively. I am sure they will lead the school to greater heights.

A good school shall always strive to be the best. To this end, we have started some new initiatives. The first one being the introduction of hobby classes for day boarders of the junior school. This gives these young boys and girls an opportunity to learn various skills that they can later pursue as a hobby. This is a pilot project which if proven worthy, and I am sure about it, shall be offered to the rest of the school as well. In another move, all Boarders are now being engaged in activities on Sundays. This gives them an opportunity to learn new hobbies. We have added NCC and pottery to our existing bouquet of offerings.

Contd...

We strive to support our students in every possible way and have decided to offer pastoral support to all students in the school from class three onwards. There has been a complete change in the pastoral structure of the school and we have a newly appointed body of Housemasters and Mentors. These highly passionate ladies and gentlemen shall provide all the emotional, adolescence and growth-related support to your daughters and sons. You may have already heard from them at least once by now. Please extend them your full support and cooperation. On the residential front, we have stopped the use of the word hostel as it does not bring in a feeling of

belongingness to the school. Instead we are now using the words 'Boarder and Boarding house' in the school. This is a small step in the direction we are moving –*creating a home away from home*.

I am looking forward to meeting each one of you in the coming weeks and months and learn from you so that we can make the school a better place for your daughters and sons. Please feel free to connect with me for anything that you think may need my attention.

Warm regards

You are not someone who is weak and who gives up. So wake up and prove yourself to the world and to yourself. The most effective way to do it is to do it. Procrastination, forgetfulness, laziness and lethargic are the words in the dictionary of unsuccessful person.

## FROM VICE PRINCIPAL'S DESK

**"What is not started will never get finished"**

Dear students

"Life is as good as your mind set" our prospective in life absolutely determines our reality. Each one's perspective is different from others. A glass half full or half empty is how you perceive. You can choose to view life as a course of problem to overcome or challenges and experience to learn from. The meaning of life is not simply to exist, to survive but to move ahead, to go ahead, to go up, to achieve, to conquer. Hence use each day as an opportunity to progress, to be better and to get a little bit to your goals.

Is small so big? Yes it is the small things that direct our life and led to the big things. Small actions make up our habits. Small words make up our thoughts. Small gestures make up our attitude. Our attitude make up our character and behavior. Little opportunities make a big break. Small decisions, small steps, let to bigger avenues. So go make a difference and remember big doors swing on small hinges.

You are not someone who is weak and who gives up. So wake up and prove yourself to the world and to yourself. The most effective way to do it is to do it. Procrastination, forgetfulness, laziness and lethargic are the words in the dictionary of unsuccessful person. They sale towards failure in the journey of life. Our main focus is to empower you with sound knowledge, wisdom, experience, life values and methodological training both at the Academic level and in the highly competitive market.

Watch your small actions, learn from mistakes and march towards your big goals.

With all my good wishes to everyone

Vice Principal

## FACULTY DEVELOPMENT PROGRAMME Day 1

Teachers at the Academic World School, Bemetara - C.G. commenced on a 6-day long journey of reflection and learning starting today. Before the school opens few days were devoted to Professional Development activities involving teachers. On the first day teachers involved themselves in team building activities with a special emphasis on inculcating the feeling of a community. Principal Mr. Pankaj Joshi took an influential session on the impact and implications of the POCSO act. Later during the day, participants spent their time visualizing what in their opinion could be an ideal image of AWS. This was displayed through charts exhibited in the school.

## FACULTY DEVELOPMENT PROGRAMME Day 2 &amp; 3

**Experiential Learning -Teaching through Effective Engagement**

Yet another day with learned minds to understand that Knowledge is experience, everything else is just information.

The Resource Person - Prof. B L Handoo and Dr. Avatar Singh through easy story telling method with relevant examples began the session with discussion of changing the paradigm from Traditional Teaching to Experiential Learning Methodology. Prof. Handoo explained how reconstruction and reorganisation of experience is education .

The session envisaged the teachers to give tangible experiences with hands - on learning activities . learning must display a change in overt behaviour. The Five-Cycle Process of Experiential Learning i.e. Experience,

Share, Process, Generalise and Apply, the learnings of the students were explained to the teachers to ignite and integrate the cognition, perception, behaviour, experience, and reflection of their learners in a Holistic Learning Process. The teachers learnt about The Learning Pyramid, Kohler and Koffka experiment, the Theory of Experiential Learning and The Nine Keys to Experiential Learning.

An interactive session was conducted after the training where Prof. Handoo cleared the queries of the teachers. The session concluded with a Dazzling Dance Fusion of Odissi, Kathak and Ravindra Sangeet performance by the dance teachers. Prof. Handoo also gave an overview on how the dance forms can be integrated for learning of different subjects.

## FACULTY DEVELOPMENT PROGRAMME - DAY 4

'Co-Creating a path to creativity'

The fourth day of FDP was divided and dedicated to three interesting sessions.

The first was an engaging and interactive session which was conducted by the Assistant Vice Principal - Ms. Gayatri Kasera on the topic - ALTERNATE TO PUNISHMENT. The session aimed at teaching positive reinforcement, rewards, appreciation, tolerance, acceptance, connection, positivity, love and respect above all the teachers learnt that contribution of students in the class as substitute of corporal punishment to students.

The second session was intended to provide guidance to the teachers on 'FINANCIAL LITERACY' by the resource persons - Mr. Sanjay Lal and Ms. Aishwarya Mishra. The teachers had one-on-one interaction with Mr. Sanjay in guiding them about the right choices to secure their finances.

## FACULTY DEVELOPMENT PROGRAMME - DAY 6

Counseling - 'An indispensable component of child development'

The last day of FDP for AWS teachers introspected the valuable support and guidance given to the students in the form of counseling by the School Counsellor - Ms. Sushmita Suneli. She presented that through counseling, the students are able to navigate the complexities of their emotional, cognitive, and social growth.

She concluded that counseling is an indispensable component of child development nurturing emotional well-being, enhancing social skills, fostering resilience, addressing various challenges, empowering children to grow, learn, and thrive holistically by providing a supportive and nurturing environment. The session explored the significance of counseling in fostering the overall well-being and holistic development of children. The teachers enjoyed the activities and games played throughout the interactive session.

## FACULTY DEVELOPMENT PROGRAM - DAY 5

The Day began with a guiding session conducted by the Principal, Mr. Pankaj Joshi to introduce the PASTORAL SUPPORT SYSTEM at AWS with an aim to support the academic, mental, physical, emotional and spiritual well being of the students.

The session also focused on improvement in inter-personal skills and community culture amongst the teachers.

The second session was a very Constructive Learning session on BUILDING MINDS by Academic Co coordinator, Ms. Neeta Raicha to create Marvels. The session dealt with implementing Constructivism in teaching learning process through 5E model- Engage, Explore, Explain, Elaborate and Evaluate in a positive environment to empower the students to become life long learners and make them capable to adapt new challenges and opportunities

The session concluded with fruitful learning experiences.

## Learning Never Stops at AWS

When the whole state of Chhattisgarh is dealing with extreme heat wave and the summer vacations are slightly pushed further, we at Academic World School, Bemetara (C.G.) have taken learning to the next level by conducting online classes for the Grades 10<sup>th</sup> and 12<sup>th</sup>, from 16<sup>th</sup> June 2023. Our teachers are creatively engaging the students with fun filled learning through online mode where they are enriched with knowledge and their extended holidays are wisely invested in their development. All our students are enjoying learning safely, at their doorsteps.

**Mrs. BHAVNA GUPTA**  
IPS (CG)

Always remember that what doesn't break you , only makes you stronger . Never let obstacles or setbacks keep you back. Rather work harder each day and face your fears , you will realise they all disappear.

Keep moving forward and have faith in your talents. Make the most of the new opportunities you have each day to learn and develop. Remain focused on your objectives and keep your goals in mind.

## Message by **IPS BHAVNA GUPTA** on Convocation Ceremony

My dear teachers and students!

In word's of Walt Disney " All our dreams can come true, if we have the courage to pursue them." I want you to realise right now that you are capable of greatness. You have the fortitude, tenacity, and intelligence to overcome whatever difficulties you may encounter and accomplish your objectives.

Never undervalue your abilities. You have the ability to control your future since you are the master of your own destiny. Never believe someone who tells you that you can't do something; with determination and hard effort, you can do anything.

Keep in mind that mistakes are acceptable. Each person does. However, what matters is how you employ the lessons you acquire from them to advance yourself. Use setbacks as opportunities to grow stronger and more resilient rather than letting them hold you back. So venture forth and use all of your strength to pursue your aspirations.

I am aware that school can be challenging at times, and it is usual to become overwhelmed by the strain and pressure sometimes. However, I want you to keep in mind that you are capable of accomplishing great things. Always remember that what doesn't break you , only makes you stronger . Never let obstacles or setbacks keep you back. Rather work harder each day and face your fears , you will realise they all disappear.

Keep moving forward and have faith in your talents. Make the most of the new opportunities you have each day to learn and develop. Remain focused on your objectives and keep your goals in mind. Go out there and show the world what you're made of because you have the capacity to accomplish incredible things.!

**My best wishes**

## Jolly English & Grammar Workshop

"In learning, you will teach and in teaching, you will learn." To foster the same, a Two Day Jolly English & Grammar Workshop was organized for the Pre-Primary wing and Primary wing.

A certified Jolly phonic trainer-Ms.Disha Kawa enlightened our lovely teachers about Jolly English and Jolly Grammar. It was an active and multisensory session which emphasized on enhancing spoken English, listening and comprehending skills.

On the first day of the workshop, Ms. Disha Kawa explained about the meaning of Jolly English, introduced the Jolly phonic book, taught about Jolly phonic lesson plans, different ways to use the flash cards in teaching, story telling, mime and so on. She conducted various activities related to sounds, colours, numbers, parts of body, story, mime, synonyms, antonyms, sentence framing and so on. Next day, teachers were taught about picture talk, comprehension reading, family words, sight words and need of grammar. The lovely educators seemed excited and enthralled while performing various fun filled activities. The workshop was indeed informative and effective for our educators.

## Parents' Orientation Programme

We organized Parents Orientation Programme for the parents of our Pre-Primary students to familiarize with the school's curriculum. Parents' Orientation Programme served as a bridge between parents and the school. The day began with lamp lighting ceremony, symbolizing the illumination of knowledge and wisdom.

The parents were made aware about infrastructure, various facilities we provide at school, School Day schedule, about the activities and celebrations, assessment, parents portal, digital dossier, Jolly phonics and it's importance and so on. The parents were seen enthusiastic while doing different activities related to subjects and jolly phonics. The Sportz Village team has explained the importance of sports and exercise for the development of child and also made aware about the sports assessment. Indeed the programme was informative for all the parents.

## Cheers to all Dads!

"A father is neither an anchor to hold us back, nor a sail to take us there, but a guiding light whose love shows us the way."

To honour all the daddies, we at Academic World School, Bemetara - C.G. celebrated Daddy's Buddy Day. The theme for the day was Community helpers.
